Federal Experience

Celebrating 30 years since we were founded in 1987, OEI serves our federal customers nationwide and OCONUS through five primary business lines: facilities, infrastructure, water resources, real estate, and support services.

Service Disabled Veteran Owned Small Business

FEDERAL BUSINESS LINES

- Facilities: Full Design and Drawing Preparation, Facility Condition Assessments, Design-Build RFP Preparation
- Infrastructure: Road, Utilities, and Site Development Services
- Water Resources: Hydraulic/Hydrologic Modeling, Analysis, Design, Reviews
- Real Estate: Property Research, Easement Determination, Title and Closing Services, Mapping and GIS Support, and Surveying
- Support Services: Project Management, Staff Augmentation, Independent External Peer Reviews

ABOUT OEI

A multidiscipline engineering and environmental firm with capabilities in architecture and support services, OEI is located in North Texas and serves customers nationwide and OCONUS. Our deep past experience demonstrates our proven management protocols and procedures, commitment to innovation, and emphasis on a strong culture of continuous training and development.

Founded 30 years ago in 1987, OEI has remained focused on delivering high quality, cost effective, and timely design and support services since the beginning. Our stability and longevity, combined with our repeat customers, is the proof of our effectiveness.

Certified Service Disabled Veteran Owned Small Business (SDVOSB)

Dedicated to excellent, innovative, efficient, and cost effective solutions since 1987.

FEDERAL CUSTOMERS

OEI's first federal customer was the Department of Defense's US Army Corps of Engineers (USACE) Southwestern Division's Fort Worth District in 2004. Today, we continue to serve not only the Fort Worth District but also other Divisions and Districts both as a prime and as a subconsultant. Over the years, due to our past performance and Exceptional and Very Good CPARS ratings, we have served (and continue to serve) the Department of Veterans Affairs (VA) across multiple VISNs and multiple states, the Department of Homeland Security's Customs and Border Protection (CBP) and Federal Emergency Management Agency (FEMA), and the Department of Agriculture's Forest Service.

FEDERAL CONTRACT VEHICLES

In addition to OEI's multiple prime standalone, single project contracts for federal customers, OEI currently holds two prime IDIQs/MATOCs:

- W9126G-15-D-0011: USACE Fort Worth District Engineering and Construction Support Office's A/E IDIQ, \$15M Capacity (approximately half exhausted)
- W9126G-17-D-0028: USACE Fort Worth District Real Estate Division's Real Estate Support Services MATOC, \$40M Shared Capacity (one of two firms awarded)
- VISN 17 Central Texas Health Care System A/E Short Selection Database (pre-qualified)
