

MEP CUSTOMERS

A renowned civil engineering firm, OEI began developing our Mechanical/ Electrical/ Plumbing (MEP) practice in 2013. Positioned with thoroughly developed and proven management protocols, strong industry relationships, and a top-down commitment to integrity, design quality, and training and education, OEI provides a strong MEP department with deep experience and qualified personnel. We offer full design and analysis services, construction drawings, energy audits, energy modeling, construction phase services, and condition assessments to a variety of customers including federal, municipal, and state.

FEDERAL CONTRACT VEHICLES

In addition to OEI's multiple prime standalone, single project contracts for federal customers, OEI's current prime IDIQs/MATOCs include:

- VISN 17 Central Texas Health Care System A/E Short Selection Database (pre-qualified)
- W9126G-15-D-0011: USACE Fort Worth District Engineering and Construction Support Office's A/E IDIQ, \$15M Capacity (approximately half exhausted)
- W9126G-17-D-0028: USACE Fort Worth District Real Estate Division's Real Estate Support Services MATOC, \$40M Shared Capacity (one of two firms awarded)
