REAL ESTATE SERVICES

Established in 1987 as a specialty civil engineering firm, OEI has been providing real estate support services as part of our engineering design and construction projects for decades. Applying our thoroughly developed and proven project management approach, today we offer our real estate support services as a standalone service with in-house dedicated expertise on federal, state, transportation, and municipal projects.

We provide services under NAICS codes:
519190, 541191, 531390.

Core competencies include:

- Legal and Vesting Reports
- Full Title Reports
- Commercial Title Reports
- Residential Title Reports
- Mineral Title Ownership Reports
- Title Commitments
- 10-, 20-, 30-, 60-, 100-year Chain of Title
- Surface Ownership Research
- Easement Ownership Research
- Landman Due Diligence Services
- Title Curative
- Title Expert Witness Services
- Foreclosure Title Research
- Bankruptcy and Lien Search
