

VA CUSTOMERS

OEI first had the opportunity to serve the Veterans Affairs (VA) in 2012, providing a specialty consultant discipline on a Dallas VAMC Long-Term Care facility expansion project. In 2013, OEI won its first VA prime contract, serving the Southern Arizona VA Health Care System. Since then we have served VA facilities in multiple VISNs across the US as well as other federal customers including US Army Corps of Engineers (USACE), Customs and Border Protection (CBP), Federal Emergency Management Agency (FEMA), and the Department of Agriculture's Forest Service (FS), consistently earning Exceptional and Very Good CPARS ratings.

FEDERAL CONTRACT VEHICLES

In addition to OEI's multiple prime standalone, single project contracts for federal customers, OEI's current prime IDIQs/MATOCs:

- VISN 22 A/E IDIQ (CA, NM, AZ) – Contract #3625819D0047
- VISN 17 Central Texas Health Care System A/E Short Selection Database (pre-qualified)
- W9126G-15-D-0011: USACE Fort Worth District Engineering and Construction Support Office's A/E IDIQ, \$15M Capacity (approximately half exhausted)
- W9126G-17-D-0028: USACE Fort Worth District Real Estate Division's Real Estate Support Services MATOC, \$40M Shared Capacity (one of two firms awarded)
