

FEDERAL CUSTOMERS

OEI's first federal customer was the Department of Defense's US Army Corps of Engineers (USACE) Southwestern Division's Fort Worth District in 2004. Today, we continue to serve not only the Fort Worth District but also other Divisions and Districts both as a prime and as a subconsultant. Over the years, due to our past performance and Exceptional and Very Good CPARS ratings, we have served (and continue to serve) the Department of Veterans Affairs (VA) across multiple VISNs and multiple states, the Department of Homeland Security's Customs and Border Protection (CBP) and Federal Emergency Management Agency (FEMA), and the Department of Agriculture's Forest Service.

FEDERAL PRIME CONTRACT VEHICLES

In addition to OEI's multiple prime standalone, single project contracts for federal customers, OEI's current prime IDIQs/MATOCs:

- * W9126G-15-D-0011: USACE Fort Worth District Engineering and Construction Support Office's A/E IDIQ, \$15M Capacity
