

VA CUSTOMERS

OEI first had the opportunity to serve the Veterans Affairs (VA) in 2012, providing a specialty consultant discipline on a Dallas VAMC Long-Term Care facility expansion project. In 2013, OEI won its first VA prime contract, serving the Southern Arizona VA Health Care System. Since then we have served VA facilities in multiple VISNs across the US as well as other federal customers including US Army Corps of Engineers (USACE), Customs and Border Protection (CBP), Federal Emergency Management Agency (FEMA), Air Force, and the Department of Agriculture's Forest Service (FS), consistently earning Exceptional and Very Good CPARS ratings.
